Notice: Our melamine tops may show small splits on their underside at the edges. This may as well occur to the melamine underside of linoleum tops.

Attention: The tops can only be used on one side. Please note that our solid oak tops are smoked.

All natural ‚defaults‘ like cracks are filled with black resin. The finish of the top is protected by a wax lacquer.

For the 1500 tableframes and Booktable only our wood core chipboard and solid wood tops are suitable.
