base width: 400 mm  
depth: 380 mm  
height: 480 mm

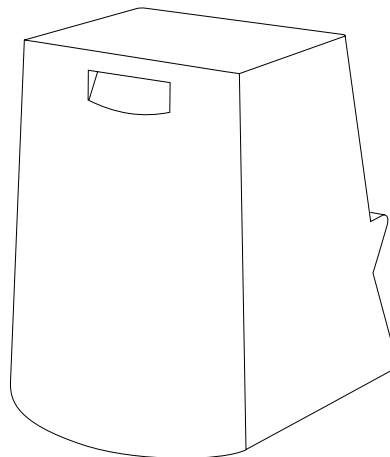

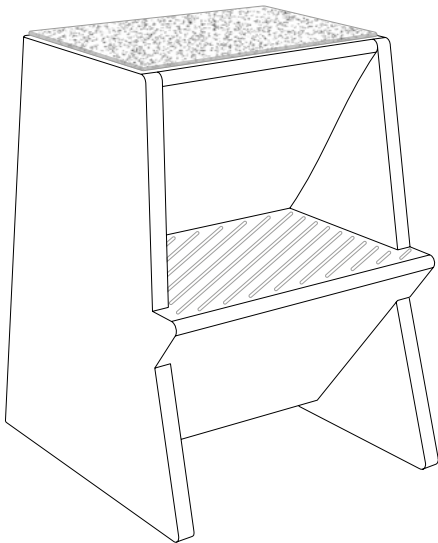

material  
polyethylene

All colour specifications represent approximate values.

black grey RAL 7021  
agate grey RAL 7038  
purple red RAL 3004  
water blue RAL 5021  
light yellow NCS S 0540 Y

all colours x

grey needle felt, self-adhesive x

Please note: due to its unconventional design, our Mono stepstool also features a special step. If in doubt, please try before ordering whether Mono suits you and your preferred way of 'climbing up'. We recommend our self-adhesive felt as anti-slip covering or padding. The stool can only take a maximum weight of 100 kg.

**Can be shipped by standard parcel service.**
